RE: Support for Maryland SRSOD/RSOD – HB1195 Legislation

Dear Del. Holmes,

The Rail Station Zoning Overlay bill is an excellent way to encourage more efficient development patterns in Maryland. It should help Maryland perform better economically and environmentally. The bill is consistent with the goals and principles of the Charter of the Congress of New Urbanism. I urge the Maryland Legislature and the Governor to enact it into law.

Sincerely,

A handwritten signature in black ink, which appears to read "John Norquist". The signature is fluid and cursive, with a large, sweeping flourish at the end.

John Norquist
President & CEO
